CREATING DEMAND STIMULUS FOR REBUILDING & REVIVAL

Ms. Sameera Saurabh

Union Budget 2021-22 has been one of the most important announcements made by the Government of India as it comes right amidst Covid-19 pandemic. Union Budget 2021-22 is also the first ever digital Budget and its significance lies in the fact that the political, economic and strategic relations in the post Covid-19 world are changing constantly.

While the budget 2021-22 has focused on health and well-being as well as divestment, its thrust is on Infrastructure and Reforms in Banking. The Budget has pushed reforms by decreeing the privatization of two banks, one insurance company and several other public sector undertakings.

The limit on fiscal deficit has also been broken with the Government abandoning the 3% fiscal target of the FRBN, opting for much higher fiscal deficit all the way to the year 2025. The new fiscal deficit target will also depend on the actual privatization of BPCL and other PSUs. Otherwise, the risk of higher inflation and interest rates will persist. This strategy can succeed mostly if additional fiscal deficit goes into capital expenditure, rather than revenue spending.

The Government has planned to raise funds for health care and infrastructure and has also raised the FDI limit in Insurance sector to 74% from 49% in a bid to attract overseas funding. In order to encourage banks to increase lending, plans are in the pipeline to empower an Asset Reconstruction Management Company to take over debt loans.

Rs. 5.54 lakh crores is being injected as physical stimulus to support demand and

aid economic recovery thereby giving a Big Push to infrastructure which in turn will lead to multiplier effects in the economy. To encourage investment in REITs and InvITs no TDS will be deducted on dividend payments and start-ups will get a year more to claim tax holidays and an additional year on capital gains tax exemption.

Asset monetization of non-strategic

PSUs is proposed to create multiple opportunities and custom duty structure will be changed to make domestic manufacturing more attractive. In a significant move, the Government owned infrastructure bodies such as NHAI and the Power Grid Corporation India Ltd will pool resources from assets in stress and sell units to investors, raising money for future spending.

Spending on rural infrastructure development has increased by 34% to 40,000 crores and micro-irrigation corpus of Rs.10,000 crores which can boost farm income in the hinter land.

In order to encourage Affordable Housing for the middle class, housing projects can avail tax holidays for one year i.e. upto 31st March, 2022. Additional deduction of Rs. 1.5 lakh shall therefore be available for loans taken up till 31st March 2022, for the projects of Affordable

A PRO-ACTIVE BUDGET FOR ATMANIRBHAR BHARAT

Jayanta Roy Chowdhury

In the wake of the global pandemic, the Central Government's budget unveiled on Feb 1, 2021, boosted spending on healthcare by 137% and committed to spend some Rs 5.54 lakh crore on infrastructure to help revive the economy which is believed to have shrunk by over 7.7 per cent in the current year.

It also lifted caps on foreign investment in insurance and came up with plans for aggressive disinvestment and financial sector reforms while keeping income tax rates stable.

Delivering the budget statement in Parliament, Finance Minister Nirmala Sitharaman projected a fiscal deficit, or the gap between government's income and expenditure, of 6.8% of gross domestic product for 2021-22.

Most analysts felt extra spending was necessary to kick-start the pandemic-hit economy. "The government is fully prepared to support and facilitate the economy's reset," Sitharaman said. "This budget

provides every opportunity for our economy to rise and capture the pace it needs for a sustainable growth."

The current year was expected to end with a fiscal deficit of 9.5%, she said, far higher than the 3.5% budgeted last year. The higher deficit was partly on account of the unprecedented aid programme that the government had to undertake last year to take care of people and industry hit by the Covid pandemic. As well as lower taxes realised also on account of the pandemic.

However, the higher than usual fiscal deficit in the current year is also because the government has very boldly decided to bring

large off-balance sheet expenditures back into official spending plans in order to set more realistic targets for revenues. Analysts felt this was a more credible way of presenting the Union Budget.

The most significant example is payments to the Food Corporation of India (FCI), which maintains and distributes foodgrains across the country to ensure food security. Often the FCI would borrow to make good shortfalls in subsidy payments by the Government. Analysts calculate these payments to be worth 1.8 per cent of GDP in the current year.

In his remarks after the Union

Budget was tabled in the Lok Sabha, Prime Minister Narendra Modi said that the Budget carries a vision of Atmanirbharta and inclusion of every citizen and section. He said, "We have gone beyond active and have given a pro-active budget".

The Prime Minister described the budget as aimed at creating "wealth and wellness" in the country. Officials estimate that the budget could spur the economy to grow by 11 per cent as a result of the investments to be made, which could make India the fastest growing major economy globally, ahead of China which is forecast to grow by 8.4 per cent.

The Finance Minister proposed to increase healthcare spending to Rs 2.2 lakh crore to help improve public health systems and fund the country's massive vaccination drive to immunise frontline workers and those in vulnerable age groups. India currently spends an annual 1% of GDP on health, among the lowest for any major economy.

CREATING DEMAND STIMULUS FOR REBUILDING & REVIVAL

Housing. In other words, the Pradhan Mantri Awas Yojana (PMAY), Credit Linked Subsidy Scheme (CLSS) will be extended till 31st March, 2022. In order to enhance rental housing projects in India, tax exemption will be provided in notified Affordable Rental Housing Projects. In order to ease access of finances to INVTs debt financing by foreign portfolio investors will be enabled by making suitable amendments in the relevant legislations. In order to incentivise home buyers and real estate developers, it has been proposed to increase safe harbour limit from 10% to 20% for the specified primary sale of residential units.

In the backdrop of the pandemic, the budget seeks to achieve a balanced demand stimulus. Health infrastructure is in focus with the launch of PM AatmaNirbhar Swasth Bharat Yojana. Rs.35,000 crores has been earmarked for Covid-19 Vaccine in BE 2021-22. With the huge increase of 137%, health and well-being sector is one of the six pillars of the Budget.

The Government has earmarked resources for the creation of infrastructure and roads under the Bharat Mala Pariyojana, the National Rail Plan for India (2030) Metro Rail in Tier-I and Tier-II cities and operations management of major ports on a PPP basis. The budget has sought to create demand by a sharp increase in capital expenditure of 34.5%.

In a first, senior citizens of age 75 and above earning only pension and interest income will no longer have to file their IT returns.

Gross tax revenues are expected to rise by 16.7%, mainly due to a projected

increase of 22% in direct taxes. The Government expects to collect about Rs.30,000 crore from the new levy of Agriculture Infrastructure and Development Cess.

The 15th Finance Commission had recommended that 41% of the taxes collected by the Centre be shared with the States, compared to 42% now. Resources equivalent to 1% of the net proceeds of Union taxes should be retained with the Centre for financing requirements of Jammu & Kashmir and Ladakh.

Government intends to achieve fiscal consolidation by increasing buoyancy of tax revenue through improved compliance and receipts from monetization of assets

The Budget 2021-22 is being heralded as a big push towards infrastructure development, health care and job creation.

In addition, Fiscal Deficit for the current year has been projected at 9.5% of the GDP and 6.8% for the FY 2022. While the stock market gave a thumbs up to the Government, the debt market sentiments took a big hit with the announcement of higher borrowing, since it is expected to widen the Fiscal Deficit further.

The thrust to promote local manufacturing under AatmaNirbhar Bharat will provide a big boost to the economy in the long run.

Clearly, the big positive for the economy will be the decision to set up a new Asset Reconstruction Company (ARC) and Asset Management Company (AMC) as a part of strategy to clean up bank balance

sheets. The PSU bank ReCapitalization Scheme has been allocated Rs.20,000 crores for the FY 2021-22. The announcement of a National Bank for Financing Development (NBFD) will help in the process of infrastructure financing in the country. Realty, cement, housing finance companies and paint industry may also gain as the announcement made on Affordable Housing are likely to increase demand. In power sector, Rs.3.05 lakh crores package has been linked up to revive Power Distribution Companies (DISCOM) through the revamped revenue scheme thereby ending monopoly in the sector. Consumers will be free to choose from the competing DISCOMs and related stocks can gain considerably. The textile sector also received commitment to establish 7 Mega Investment Textile Parks (MITRA) over 3 years offering plug and play facilities to companies.

The Government's announcement regarding establishment of 'Bad Bank' to manage lenders' troubled assets along with strengthening the National Company Law Tribunal (NCLT) framework will benefit banks as resolutions of troubled assets will be faster with weak assets consolidated in a single entity, rather than multiple banks negotiating resolutions terms.

Petrol and Diesel and 15 other commodities have also attracted cess to fund Agri Infrastructure development. The budget has announced a lavish outlay of Rs.1.18 lakh crores for the Highways Sector including several Flagship new corridors contributing to development of industries associated with construction sector.

The budget for education has been slashed by 6% i.e. Rs.6,000 crores with

school education taking the biggest cut of at least Rs.5,000 crores. This comes at a time when the Covid-19 induced disruption is expected to have exacerbated the school dropout rate. The reduction in the education budget is not unexpected given that the World Bank had predicted that in 2020, low to middle income countries may cut on education in order to compensate for the required spending on health and social protection.

The capital outlay for the Armed Forces has also increased by 19% to a total of Rs.4.78 lakh crores. The budget has also proposed to introduce a Voluntary Vehicle Scrapping policy which may boost demand for new vehicles and create new jobs.

The One Nation One Ration (ONOR) scheme will help migrant workers to claim rations from any part of the country. A new portal will be launched to collect details of the workers to formulate health, housing, skills and credit schemes.

The Union Budget is a sincere effort to step up the country's economic recovery in the post-Covid world. The Budget is expected to put India on a high growth trajectory on a sustained basis. The decisiveness of the Government during Covid is being rewarded. GST collections are at record levels. Income Tax return filers increased to 6.48 crore in 2020 from 3.31 crore in 2014. FDI topped the world this year, foreign exchange reserves are at a record high, digital payment growth rates lead the world.

A PRO-ACTIVE BUDGET FOR ATMANIRBHAR BHARAT

The new budget also comes as the country's financial sector faces increasing pressure from an expected record level of bad loans this year, which has already seen several small banks and financial companies folding up last year.

Consequently, the Finance Minister also unveiled plans for financial sector reforms which included consolidating laws, setting up a new stressed asset management company and for recapitalisation of State run banks to the tune of Rs 20,000 crore.

To bridge some of the deficit, the government plans to raise Rs 1.75 lakh crore by selling a host of companies including Air India, Bharat Petroleum, Shipping Corporation of India, IDBI Bank, Bharat Earth Movers Ltd., besides conducting a stake sale in the mammoth Life Insurance Corporation of India. This year's attempts to raise Rs 2.1 lakh crore through disinvestment has run aground as the pandemic played havoc with the sale plans.

The government also decided to give productivity linked incentives worth Rs

1.97 lakh crore over 5 years to some 13 industries including textiles, automotive and electronics to draw fresh investments and create new jobs.

The government will borrow about Rs 12 lakh crore to meet the shortfall, less than the record borrowing this year. However, global rating agencies are unlikely to slash the country's credit rating despite the higher borrowing program, given the speedy recovery seen in the Indian economy. Moody's credit rating has rated the country's sovereign debt at "BAA3 or investment grade with a "negative" outlook.

The government also unveiled plans to raise customs duties on a number of products ranging from mobiles and steel and reduce duties on textiles raw materials and gold and silver to encourage domestic production in a host of industries.

Agricultural Infrastructure Cess

To raise money for agricultural infrastructure, the Finance Minister imposed an agricultural infrastructure cess on a host of commodities ranging

from petrol to alcohol to gold and silver.

However, the new tax is not expected to raise the prices for purchases by consumers as central excise and customs duties are being cut to accommodate the new cess.

Nevertheless, the rearrangement of taxes means that states will receive less money from central excise and customs duties which are divided between the Centre and the states according to a formula devised by the Finance Commission.

Central Government cesses are however the exclusive income of the centre and are not shared with any state.

Finance Ministry officials say that some Rs 30,000 crore will be earned by the Government from the new cess and this money will be spent on agricultural infrastructure.

To accommodate the new Agriculture Infrastructure and Development Cess (AIDC) of Rs 2.5 a litre on petroleum, the Government has cut the basic excise duty on petrol from Rs 2.98 to Rs. 1.4. To accommodate a similar AIDC of Rs 4 on diesel, the basic excise has been cut from Rs 4.83 to Rs 1.8 a litre.

Similar adjustment of duty has been made for alcoholic beverages whose basic customs duty has been reduced to 50 % from 150 %. Bullion has also seen an adjustment with a 2.5 % cess, crude palm oil (17.5%), apples (35 %), 'coal, lignite and peat' (1.5%), fertilizers(5%), and cotton (5%).

Tax on interest on high PF contributions

This year's budget has proposed that the interest income earned on an employee's provident fund contribution

above Rs 2.5 lakh in a year will become taxable in the hands of the employee.

Provident funds currently enjoy an EEE status or are Exempt from taxes when saved, Exempt from taxes accruing on interest and remain Exempt when withdrawn.

"In order to rationalise tax exemption for the income earned by high-income employees, it is proposed to restrict tax exemption for the interest income earned on the employees' contribution to various provident funds to the annual contribution of Rs 2.5 lakh. This restriction shall be applicable only for the contribution made on or after April 1, 2021," the budget said.

By law, 12 per cent of every employee's basic salary is deducted as provident fund, while the employer also compulsorily contributes another 12 per cent. Analysts calculate that people who earn more than Rs 20.83 lakh a year will be impacted by this move.

Q. Will COVID-19 vaccine be given to everyone simultaneously?

A. Government has identified high-risk groups to be vaccinated on priority

- The first group includes healthcare & frontline workers
- The second group will be persons over 50 years & persons with comorbid conditions
- Subsequently, the vaccine will be made available to all others in need

Q. Will the vaccine be safe as it is being introduced in a short span of time?

A. Vaccines will be introduced in the country only after the regulatory bodies clear it based on its safety and efficacy

Q. Is it mandatory to take the vaccine?

A. Vaccination for COVID-19 is voluntary

However, it is advisable to receive the complete schedule of COVID-19 vaccine for protecting oneself & limiting the spread of the disease

Q. Is it necessary for a COVID recovered person to take the vaccine?

A. It is advisable to receive a complete schedule of the vaccine irrespective of the past history of infection as it will help in developing a strong immune response

Q. Can a person having COVID-19 (confirmed/suspected) infection be vaccinated?

A. Infected individuals should defer vaccination for 14 days after symptoms resolution as they may increase the risk of spreading the virus to others at the vaccination site

Q. Does India have the capacity to store COVID vaccine at +2 to +8°C & transport them at required temperature?

A. India runs one of the largest immunization programmes in the world, catering to the vaccination needs of over 26 million newborns & 29 million pregnant women

The programme mechanisms are being strengthened to effectively cater to the country's large & diverse population

Assistant Administrative Officer

KEY HIGHLIGHTS OF UNION BUDGET 2021-22

Presenting the first ever digital Union Budget, Union Minister of Finance and Corporate Affairs Smt. Nirmala Sitharaman stated that India's fight against COVID-19 continues into 2021 and that this moment in history, when the political, economic, and strategic relations in the post-COVID world are changing, is the dawn of a new era - one in which India is well-poised to truly be the land of promise and hope.

The key highlights of the Union Budget 2021-22 are as follows:

Six pillars of the Union Budget 2021-22:

1. Health and Wellbeing
2. Physical & Financial Capital, and Infrastructure
3. Inclusive Development for Aspirational India
4. Reinvigorating Human Capital
5. Innovation and R&D
6. Minimum Government and Maximum Governance

1. Health and Wellbeing

- Rs. 2,23,846 crore outlay for Health and Wellbeing in BE 2021-22 as against Rs. 94,452 crore in BE 2020-21 - an increase of 137%
- Focus on strengthening three areas: Preventive, Curative, and Wellbeing
- Steps being taken for improving health and wellbeing:

Vaccines

VACCINES

- Provision of ₹ 35,000 crore for COVID-19 vaccine
- Pneumococcal Vaccine, a Made in India product, will be rolled out across the country which will avert 50,000 child deaths annually
- Increase of 137% in budget outlay for Health and Wellbeing

- Rs. 35,000 crore for COVID-19 vaccine in BE 2021-22
- The Made-in-India Pneumococcal Vaccine to be rolled out across the country, from present 5 states - to avert 50,000 child deaths annually

Health Systems

PM AatmaNirbhar Swasth Bharat Yojana

- Strengthening of the National Centre for Disease Control (NCDC), its 5 regional branches and 20 metropolitan health surveillance units
- Expansion of the Integrated Health Information Portal to all States/UTs to connect all public health labs
- Operationalisation of 17 new Public Health Units and strengthening of 33 existing Public Health Units at Points of Entry, that is at 32 Airports, 11 Seaports and 7 land crossings

- Rs. 64,180 crore outlay over 6 years for PM AatmaNirbhar Swasth Bharat Yojana - a new centrally sponsored scheme to be launched, in addition to NHM
- Main interventions under PM AatmaNirbhar Swasth Bharat Yojana:
- National Institution for One Health
- 17,788 rural and 11,024 urban Health and Wellness Centers
- 4 regional National Institutes for Virology
- 15 Health Emergency Operation Centers and 2 mobile hospitals

Key Highlights of Economic Survey 2020-21

Union Minister for Finance and Corporate Affairs, Smt. Nirmala Sitharaman presented the Economic Survey 2020-21 in the Parliament today. The key highlights of Economic Survey 2020-21, which is dedicated to the COVID Warriors, are as follows:

Saving Lives and Livelihoods amidst a Once-in-a-Century Crisis

- India focused on saving lives and livelihoods by its willingness to take short-term pain for long-term gain, at the onset of the COVID-19 pandemic
- Response stemmed from the humane principle that:
- Human lives lost cannot be brought back
- GDP growth will recover from the temporary shock caused by the pandemic

State of the Economy in 2020-21: A Macro View

- COVID-19 pandemic ensued global economic downturn, the most severe one since the Global Financial Crisis
- The lockdowns and social distancing norms brought the already slowing global economy to a standstill
- Global economic output estimated to fall by 3.5% in 2020 (IMF January 2021 estimates)
- Governments and central banks across the globe deployed various policy tools to support their economies such as lowering policy rates, quantitative easing measures, etc.
- India adopted a four-pillar strategy of containment, fiscal, financial, and long-term structural reforms:
- As per the advance estimates by NSO, India's GDP is estimated to grow by (-) 7.7% in FY21- a robust sequential growth of 23.9% in H2: FY21 over H1: FY21
- India's real GDP to record a 11.0% growth in FY2021-22 and nominal GDP to grow by 15.4% - the highest since independence:

Does Growth lead to Debt Sustainability? Yes, But Not Vice-Versa!

- Growth leads to debt sustainability in the Indian context but not necessarily vice-versa:
- Debt sustainability depends on the 'Interest Rate Growth Rate Differential' (IRGD), i.e., the difference between the interest rate and the growth rate
- In India, interest rate on debt is less than growth rate - by norm, not by exception
- The fifth largest economy in the world has never been rated as the lowest rung of the investment grade (BBB-/Baa3) in sovereign credit ratings:
- Reflecting the economic size and thereby the ability to repay debt, the fifth largest economy has been predominantly rated AAA
- China and India are the only exceptions to this rule - China was rated A-/A2 in 2005 and now India is rated BBB-/Baa3

India's sovereign credit ratings do not reflect its fundamentals:

- India's willingness to pay is unquestionably demonstrated through its zero sovereign default history
- India's ability to pay can be gauged by low foreign currency dominated debt and forex reserves
- Sovereign credit rating changes for India have no or weak correlation with macroeconomic indicators

Healthcare takes centre stage, finally!

- COVID-19 pandemic emphasized the importance of healthcare sector and its interlinkages with other sectors- showcased how a health crisis transformed into an economic and social crisis
- India's health infrastructure must be agile so as to respond to pandemics- healthcare policy must not become beholden to 'saliency bias'
- National Health Mission (NHM) played a critical role in mitigating inequity as the access of the poorest to pre-natal/post-natal care and institutional deliveries increased significantly
- Emphasis on NHM in conjunction with Ayushman Bharat should continue

Innovation: Trending Up but Needs Thrust, Especially from the Private Sector

- India entered the top-50 innovating countries for the first time in 2020 since the inception of the Global Innovation Index in 2007, ranking first in Central and South Asia, and third amongst lower middle-income group economies

- India's gross domestic expenditure on R&D (GERD) is lowest amongst top ten economies

JAY Ho! PM'JAY' Adoption and Health outcomes

- Pradhan Mantri Jan Arogya Yojana (PM-JAY) - the ambitious program launched by Government of India in 2018 to provide healthcare access to the most vulnerable sections demonstrates strong positive effects on healthcare outcomes in a short time
- PM-JAY is being used significantly for high frequency, low cost care such as dialysis and continued during the Covid pandemic and the lockdown.

Fiscal Developments

- India adopted a calibrated approach best suited for a resilient recovery of its economy from COVID-19 pandemic impact, in contrast with a front-loaded large stimulus package adopted by many countries

External Sector

- COVID-19 pandemic led to a sharp decline in global trade, lower commodity prices and tighter external financing conditions with implications for current account balances and currencies of different countries
- India's forex reserves at an all-time high of US\$ 586.1 billion as on January 08, 2021, covering about 18 months worth of imports
- India experiencing a Current Account Surplus along with robust capital inflows leading to a BoP surplus since Q4 of FY2019-20

Rupee appreciation/ depreciation:

- In terms of 6-currency nominal effective exchange rate (NEER) (trade-based weights), Rupee depreciated by 4.1% in December 2020 over March 2020; appreciated by 2.9% in terms of real effective exchange rate (REER)
- In terms of 36-currency NEER (trade-based weights), Rupee depreciated by 2.9% in December 2020 over March 2020; appreciated by 2.2% in terms of REER
- RBI's interventions in forex markets ensured financial stability and orderly conditions, controlling the volatility and one-sided appreciation of the Rupee

Initiatives undertaken to promote exports:

- Production Linked Incentive (PLI) Scheme
- Remission of Duties and Taxes on Exported Products (RoDTEP)
- Improvement in logistics infrastructure and digital initiatives

Money Management and Financial Intermediation

- Accommodative monetary policy during 2020: repo rate cut by 115 bps since March 2020
- Systemic liquidity in FY2020-21 has remained in surplus so far.

Prices and Inflation

- Headline CPI inflation averaged 6.6% during April-December, 2020 and stood at 4.6% in December, 2020, mainly driven by rise in food inflation (from 6.7% in 2019-20 to 9.1% during April-December, 2020 owing to build up in vegetable prices)
- Moderated price momentum by November 2020 for most sub groups, coupled with positive base effect helped ease inflation
- Rural-urban difference in CPI inflation saw a decline in 2020:

Sustainable Development and Climate Change

- India has taken several proactive steps to mainstream the SDGs into the policies, schemes and programmes
- Voluntary National Review (VNR) presented to the United Nations High-Level Political Forum (HLPF) on Sustainable Development

Agriculture and Food Management

- India's Agricultural (and Allied Activities) sector has shown its resilience amid the adversities of COVID-19 induced lockdowns with a growth of 3.4% at constant prices during 2020-21 (first advance estimate)
- The share of Agriculture and Allied Sectors in Gross Value Added (GVA) of the country at current prices is 17.8% for the year 2019-20 (CSO-Provisional Estimates of National Income, 29th May, 2020)
- Pradhan Mantri Garib Kalyan Anna Yojana:
- 80.96 crore beneficiaries were provided foodgrains above NFSA mandated requirement free of cost till November, 2020.

- Over 200 LMT of foodgrains were provided amounting to a fiscal outgo of over Rs. 75000 Crores

- AatmaNirbhar Bharat Package: 5 kg per person per month for four months (May to August) to approximately 8 crore migrants (excluded under NFSA or state ration card) entailing subsidy of Rs. 3109 crores approximately

Industry and Infrastructure

- A strong V-shaped recovery of economic activity further confirmed by IIP data
- The IIP & eight-core index further inched up to pre-COVID levels
- The broad-based recovery in the IIP resulted in a growth of (-) 1.9 % in Nov-2020 as compared to a growth of 2.1 % in Nov-2019 and a nadir of (-) 57.3 % in Apr-2020

Services Sector

- India's services sector contracted by nearly 16 % during H1: FY2020-21, during the COVID-19 pandemic mandated lockdown, owing to its contact-intensive nature
- Key indicators such as Services Purchasing Managers' Index, rail freight traffic, and port traffic, are all displaying a V-shaped recovery after a sharp decline during the lockdown

Social Infrastructure, Employment and Human Development

- The combined (Centre and States) social sector expenditure as % of GDP has increased in 2020-21 compared to last year.
- India's rank in HDI 2019 was recorded at 131, out of a total 189 countries:
- GNI per capita (2017 PPP \$) has increased from US\$ 6,427 in 2018 to US\$ 6,681 in 2019
- Life expectancy at birth improved from 69.4 years in 2018 to 69.7 years in 2019
- The access to data network, electronic devices such as computer, laptop, smart phone etc. gained importance due to online learning and remote working during the pandemic
- Major proportion of workforce engaged as regular wage/salaried in the urban sector during the period of January 2019-March 2020 (quarterly survey of PLFS)
- Government's incentive to boost employment through AatmaNirbhar Bharat Rozgar Yojana and rationalization and simplification of existing labour codes into 4 codes
- Low level of female LFPR in India:
- Females spending disproportionately more time on unpaid domestic and care giving services to household members as compared to their male counterparts (Time Use Survey, 2019)
- Need to promote non-discriminatory practices at the workplace like pay and career progression, improve work incentives, including other medical and social security benefits for female workers
- Under PMGKAP announced in March, 2020, cash transfers of upto Rs.1000 to existing old aged, widowed and disabled beneficiaries under the National Social Assistance Programme (NSAP)
- An amount of Rs. 500 each was transferred for three months digitally into bank accounts of the women beneficiaries under PM Jan Dhan Yojana, totalling about Rs. 20.64 crores
- Free distribution of gas cylinders to about 8 crore families for three months
- Limit of collateral free lending increased from Rs. 10 lakhs to Rs. 20 lakhs for 63 lakh women SHGs which would support 6.85 crore households
- Wages under Mahatma Gandhi NREGA increased by Rs.20 from Rs.182 to Rs.202 w.e.f. 1st April, 2020

India's fight against COVID-19:

- Initial measures of lockdown, social distancing, travel advisories, practicing hand wash, wearing masks reduced the spread of the disease
- Country also acquired self-reliance in essential medicines, hand sanitizers, protective equipment including masks, PPE Kits, ventilators, COVID-19 testing and treatment facilities
- World's largest COVID-19 vaccination drive commenced on 16th January, 2021 using two indigenously manufactured vaccines.

■ INDIA'S VACCINATION PROGRAM, AN EXAMPLE FOR THE WORLD: PM

In his monthly radio program, Mann Ki Baat on 31st January 2021, Prime Minister Narendra Modi said that our fight against Corona is on and India is running the world's largest and the fastest vaccination exercise. The Prime Minister said that the global community has

hailed India's efforts as he referred to a recent tweet by the Brazilian President who thanked India. The Prime Minister said that in just 15 days, India has vaccinated more than 3 million of its corona warriors. The country's COVID-19 recovery rate has reached 97.13 per cent. A total of 17,824 COVID patients recovered during the last 24 hours. The total number of recoveries has gone up to 1,04,80,455 as per the Health Ministry.

■ AGRI MINISTER ASSERTS GOVT COMMITTED TOWARDS GAON, GAREEB AND KISAN

Union Agriculture Minister Narendra Singh Tomar asserted in Rajya Sabha that the government under the leadership of Prime Minister Narendra Modi is committed towards the development of Gaon, Gareeb and Kisan in the country. Participating in a discussion, Mr. Tomar said that despite holding a series of threadbare talks with the farmer unions, none of the unions came up with the provisions which they think are contentious. The Minister said the farm laws allow farmers to sell their produce even outside the APMC Mandis. He added that in the open market the farmers are not required to pay the tax levied in the Mandis.

■ PROMINENT INDIANS SUPPORT GOVT'S STAND ON FARM LAWS

Legendary singer Lata Mangeshkar has joined Indian personalities, including cricketer Sachin Tendulkar, actors Akshay Kumar and Ajay Devgn, in expressing support to the government's stand on the ongoing farmers' protests, saying that the country is capable of solving problems amicably. Bharat Ratna, Lata Mangeshkar's tweet came after the Ministry of External Affairs reacted sharply to comments by certain sections on farmers' protests.
