## 1.0 PREAMBLE

The purpose of this document is to present a research policy framework taking into consideration of various constituent units in diverse field of pharmacy.

## 2.0 AIMS OF THE POLICY:

- Provide a guideline for the conductance and publication of research work
- Define and prioritize the areas for research to be conducted in Shivalik
- Provide essential infrastructure support for research work
- Establish rational, transparent, merit based decision-making system for the allocation of financial, Rewards, Awards and Incentives and other support for research.
- Promote the quality research and motivate the faculty members

## 3.0 CUSTODIAN OF POLICY

All research related activities and policy SHIVALIK GROUP OF COLLEGES (SGOC) are governed through the Office of Dean Research Promotion and Monitoring (DRPM). Office of DRPM functions under the BOM Representative.

## 4.0 PROMOTION OF RESEARCH

The Institute believes that researchers are free to choose the subject of their research, to seek support from any funding source for their research work, and to report their findings and conclusions. However, research shall be available for scrutiny to the Institute and constructive criticism of peers. Research techniques used by the researchers shall not violate established professional ethics, pertaining to the health, safety, privacy, and other personal rights of human beings or to the infliction of injury or pain on animals. The Institute shall create conducive environment for research. Due to limited resources, the Institute may not support fully all research likely to be undertaken, but it shall allocate the space, facilities and other resources for research programs based on the scholarly and educational merits of the proposed research. It shall also provide development opportunities to researchers for writing research proposals and reports, publications, patent filing, etc

## 5.0 IDEA LAB

Students have many ideas on which they want to work, but in the absence of the infrastructure, including the place and space, they are unable to work on them. Therefore, the Institute would encourage establishing a centralize Idea Lab, where the students can research on an idea. The Idea Lab also provides the opportunity to the students to ask

questions in different areas of knowledge. It shall equip them with an ability to think, concretize the idea, design research study, work on it and report the findings. It shall also encourage research scholars to publish and patent their research work.

## 6.0 VC's FUND FOR MINOR RESEARCH PROJECTS

From the very beginning, the Institute encouraged young faculty (up to the age of 40 / Assistant Professor) and students to conduct research. Thus, it has developed a scheme for providing financial assistance to Minor Research Project. According to this scheme, a faculty member prepares Minor Research Project, which is submitted to a committee at Department/Institute level and on the recommendations of this committee the Institute gives financial assistance up to Rs. 1.00 Lakh to the faculty concerned. A committee constituting of minimum 4 members including one member outside the institution and headed by head of institution/ BOM Representative will be constituted for the scrutiny of the proposals received under this scheme. To have the periodical assessment for all such research projects and with an aim to guide the researcher, the departmental or institutions level committee is constituted. It is also mandatory to send a quarterly progress report of such Minor Research Project to the Dean R&PM. For this purpose, every year the Institute earmarks financial budget under this scheme. The Minor Research Project Scheme helps young faculty think about research, prepare the proposal, conduct research and write a research report. It also assists them in preparing proposals for major research projects.

## 7.0 MAJOR RESEARCH PROJECTS

The Institute has identified a list of more than 150 funding agencies (**Annexure 1**). Faculty can submit Major Research Project proposals to these agencies. These proposals are scrutinized before submitting the same to a funding agency. The Institute provides all kinds of infrastructure facilities available for conducting a Major Research Project. The Institute plans to evolve a mechanism through which it shall monitor the progress of Major Research Projects funded by an external agency, maintain its accounts and submit the utilization certificate in time to the funding agency as per the requirement of the funding agency.

## 8.0 INITIATIVES FOR PROMOTION OF RESEARCH IN SCE and SIPS

In order to meet and fulfill research objectives, SCE and SIPS have following initiatives, and that are being implemented.

### 8.1 RESEARCH EMPHASIS ON RECRUITMENT OF FACULTY:

SCE and SIPS have well defined faculty recruitments of faculty at levels; wherein teaching experience, emphasis is also there in terms of paper published, research students' guidance, and sponsored research projects.

### 8.2 FINANCIAL SUPPORTS FOR ATTENDING CONFERENCES/ WORKSHOP/ STTP:

Financial support to all faculties is provided to attend National/International conferences from Institute funds. The institute shall encourage participation of its faculty in National / International conferences and provide financial support for the same. However it should be clearly understood that this support is not an offer by Institute, and the faculty members should not assume any automatic claim for the same.

|--|---|--|

The request for financial assistance/ support for attending conferences shall be routed through the DRPM, which shall recommend the case for final approval by the Director/ BOM.

The request for financial support by the faculty member shall be considered as per the following norms:

**REGISTRATION FEE:** The institute shall reimburse the registration fee paid for presentation of paper in National/ International on submission of fee receipt. Maximum of 20% of total department faculty strength can apply for grant at a time. Faculty can apply for financial support under this only once a semester. The upper limit of reimbursement is as follows:-

**TABLE-1**

| Place of Conference        | Amount of Reimbursement |
|----------------------------|-------------------------|
| Conferences in India       | Rs 4,000                |
| Conferences outside India: | Rs 30,000               |

#### **OTHER GUIDELINES:**

These expenses shall be reimbursed to the faculty after his /she return from the conference held in India. However, in case of conferences held outside India, the reimbursement shall be made 6 months after the return of the faculty member, provided he stays with the institute and serves it with commitment for 6 months.

The support for participation in conferences shall be subject to the following eligibility norms:

- The paper submission should be routed through the Dean Research Promotion and Monitoring (DRPM).
- The faculty member should have the first authorship in the paper, and his affiliations should be clearly shown as SHIVALIK COLLEGE OF ENGINEERING/SHIVALIK INSTITUTE OF PROFESSIONAL STUDIES, DEHRADUN UK.
- In a period of 2 years, a faculty member can get support for a maximum of 2 conferences (**any category mentioned in Table -1**).
- The support for conferences held within India shall only be given to faculty members, who have completed at least 6 months of service at the institute. For conferences held outside India, this minimum eligibility period shall be 1 year.

#### **8.3 RESEARCH FUNDING/ CONSULTANCY AWARD SCHEMES:**

Rest 30% shall be paid to the corpus fund* of the department.</li> </ol> |

**\*Corpus Fund:** A corpus fund of educational institutions is non-refundable, including money contributed by its founders or promoters, donations or contributions received from different sources, including government as well as income through consultancy services and research projects. The fund can be utilized for the following activities:

### 8.3.1 SCHOLARSHIP:

- Meritorious students for innovative entrepreneurship
- Needy people who are economically weak
- Encouraging higher studies in research
- Innovative projects
- Health related research works
- Participating in National and International research conferences
- Alumni who intend to go for research
- Permanent constructive innovative projects
- Organize or conduct mega events in innovative and research fields

It will contain a certificate along with cash award of Rs. 15,000/- The researcher should have at least 02 international publications and 03 national publications in indexed journal under his/her name and at least 01 projects as PI with funding outside agency

## **16.0 RESEARCH MISCONDUCT**

Research misconduct will be dealt with very strictly by **SHIVALIK GROUP OF COLLEGES**. Fabrication that involves manipulation of data generated by the reported research is serious forms of research misconduct. Such cases of research misconduct identified at the time of manuscript submission or even after publication will invite strict disciplinary action from the SHIVALIK GROUP. Authors are required to safely store all research records including raw data for long period after publication. A committee constitutes by Director headed by Dean Research Promotion and Monitoring will have the authority to investigate and recommend action in case of suspected research misconduct.

### **16.1 WHAT CONSTITUTES MISCONDUCT?**

Research misconduct or fraud in science refers to the fabrication, falsification, plagiarism and deception in proposing, carrying out or reporting results of research. Misconduct does not include honest error or honest differences in interpretation or judgment in evaluating research methods or results, or misconduct unrelated to the research process.

- Fabrication – reporting of experiments never conducted
- Falsification – Misrepresentation or suppression of data to project the desired result
- Plagiarism – reporting another's data as one's own

## **17.0 Monitoring Progress and Performance of Department in Research Promotion**

Office of Research Promotion and Monitoring is also responsible to monitor the progress of research related activities being conducted by institutes/departments as per the approved SGOC research plan. The department will release annual action plan and schedule of department wise audit. The criteria for assessment of department's performance and progress in research related activities will be

- No of student and faculty involved in research
- No of research publications from that department (student and faculty) in an academic year.
- No of MOUs signed with industry or leading research institutions at India or International level.
- No of patent application and successfully filed

#### 18.0 PROCEDURE FOR CONDUCTING RESEARCH AUDITS

- Audit of department will be carried out adhering to the schedule prepared by Office of RP&M
- Notification to the concerned department for Research audit in line with the published research monitoring schedule will be given.
- Finalizing the team for conducting upcoming research audit and organizing workshop with them on conducting research audit
- Research Audit will be conducted as per schedule.
- Preparation of Report on the research audit conducted and sharing it with BoM and concerned departments. Dean RP&M will share report with BOM

#### 19.0 REVIEW OF THE POLICY

The policy will be reviewed after a period of three years.
