Introduction

Shivalik College of Engineering is a prestigious institution that provides its students with a unique blend of professional and academic brilliance. SCE has combined the knowledge of top industry executives and famous academicians, creating a global approach. We are always striving towards our purpose of providing quality education and creating future managers for the industry, which is underpinned by ethical principles and a professional governance structure.

Shivalik College of Engineering has the prestige of entering into a new epoch in higher education by designing a distinctive, innovative academic model that is supported by great facilities and significant international collaborations, as well as unmatched industry backing for experiential learning.

Shivalik College of Engineering's academic style gives amazing possibilities to study from the top instructors, love every minute, and advance their profession. Combining academic and research innovation, flexibility, multidisciplinary exposure, placement training, and real-time projects, our academic approach guarantees that you are groomed to be industry ready.

The College's commitment to excellence in teaching and learning is demonstrated by quality education, a scientific, transparent, and objective evaluation/examination system, project-based learning, student-centred policies, a pleasant environment, and a socially active campus life.

Introduction to feedback

Internal Quality Assurance Cell (IQAC) provides a key and significant commitment to improve educational quality and directs the College's efforts and measures toward academic perfection.

Between Aug 2019 and June 2021, input were collected from students, teachers, corporate partners, and alumni (Figure 1).

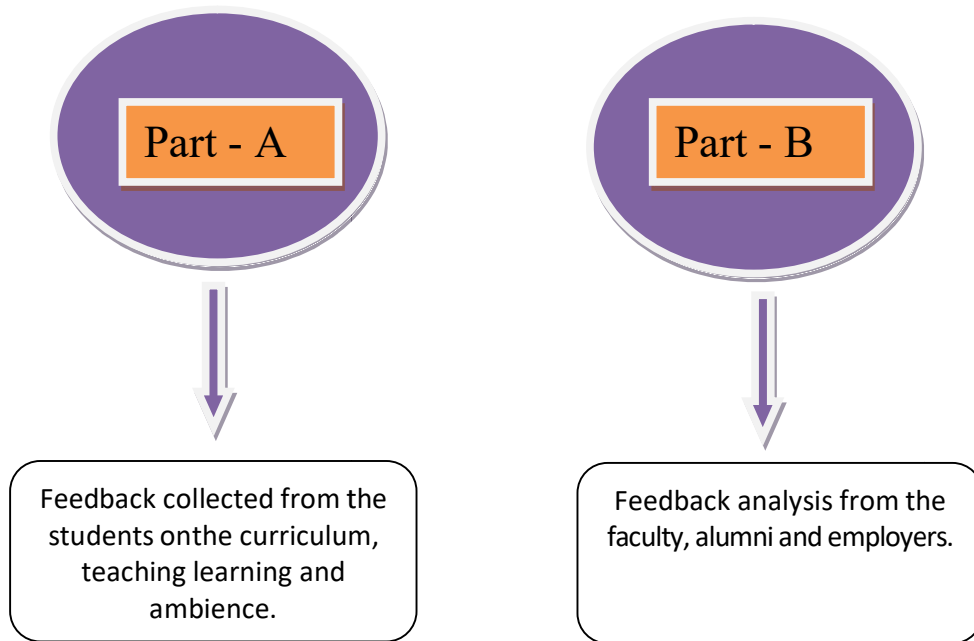

Figure 1 Parts of Feedback Collected

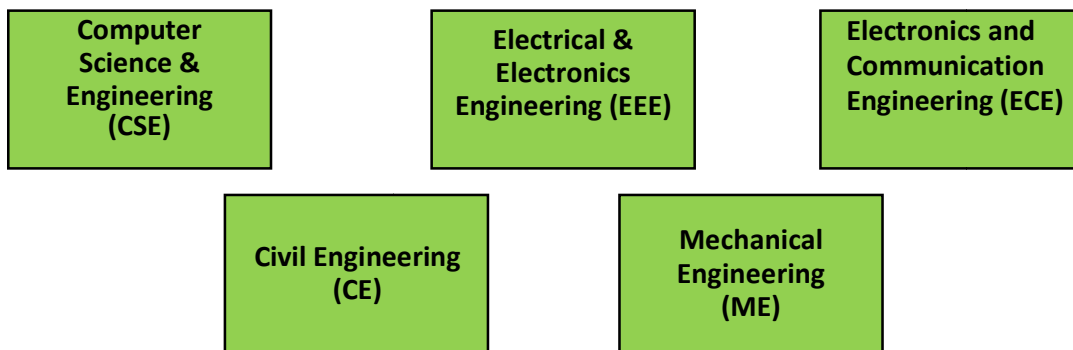

Figure 2 Programmes across Shivalik College of Engineering

The quantitative technique was used for this input, and it was combined to ensure both the depth and breadth of the discoveries. The quantitative step included an online survey conducted by Shivalik College of Engineering's IQAC.

This Curriculum critique includes various questions for stakeholders to respond to, with options such as strongly disagree, disagree, somewhat agree, agree, and highly agree. We may investigate what yield they are seeing by examining their perspective.

Objective of feedbacks

- To form a Working Group to examine issues relating to student input.
- To give students the chance to remark on the quality of their learning experience, as part of the preparation for and evaluation process.
- To evaluate the success of academic offering in respect to students' expectations.
- To offer feedback in order to enhance the student unit's delivery or content.

FEEDBACK PROCESS

The Feedback Process comprises of 3 stages

Stage I (Collection of Feedback): The feedback process is collected online through IQAC, Shivalik College of Engineering.

Stage II (Analysis of feedback): The detailed analysis of feedback is carried out afterward and the action taken report is prepared.

Stage III (Action Taken): The plan of action taken is decided on the basis of action taken report and necessary corrective measures are recommended for the further improvements.

1. Feedback on Academic Performance & Ambience from Students:

Student Satisfaction Survey - IQAC

Students Satisfaction Survey (SSS) is being conducted among the students of the college through the college website on Academic Performance & Ambience. The questionnaire has been framed based on NAAC guidelines. Students have to rate the question in a scale of 0 to 4.

4 - Strongly Agree
3 - Agree
2 - Neutral
1 - Disagree
0 - Strongly Disagree

The summary will be displayed on the college website and also presented in the IQAC meeting.

4. Feedback on curriculum from Alumni

Alumni Survey

Dear Alumna/Alumnus

Greetings from SCE/SIPS, It really makes us feel very proud to have a student like you! SCE/SIPS is growing from strength to strength because of your performance and the skill set that you have gained and exhibited from time to time.

SCE/SIPS is now going for Outcome Based Education (OBE) accreditation as per Washington Accord. It will largely benefit graduates from SCE/SIPS to work as an Engineering Professional in the member countries coming under the Washington Accord.

OBE requires that Programme Educational Objectives (PEOs) and Programme Outcomes (POs) of the programme (Branch of Study) are to be clearly defined and attained. Besides, the graduates are expected to have a set of attributes (known as Graduates Attributes – GAs) while studying and after graduation.

The Questionnaire is designed to survey the attainments of PEOs, POs and GAs. Please take a few minutes to complete this survey and submit the same on line.
